Managing Director's Message

Oasis Publication came into existence with the goal of catering quality reading materials to students, teachers and common readers. We publish well-researched and carefully prepared school and college textbooks, reference materials and books of general interest as a part of our support to creative teaching and learning across the country. We remain committed to improve the quality of our publications to meet the ever-growing and diversified educational needs.

We make utmost endeavours to bring flawless products to the readers. We publish books written by reputed and experienced authors who draw on their study, experience and knowledge. To ensure that they meet the quality standard, our publications are reviewed and meticulously edited by experts in the respective fields. We also make sure that books are in attractive design and the print quality is up to the mark.

We highly value your feedback as we believe your constructive criticism will be instrumental in improving our publications.

Lastly, we appreciate your trust in us and expect it to continue in the days ahead.

Thank you.

Oasis English-English-Nepali DICTIONARY

अंग्रेजी-अंग्रेजी-नेपाली शब्दकोष

Editor: Sitaram Adhikari

Why this dictionary ?

- Current words have been included, apart from other basic words.
- Certain phrases and idioms have also been preceded by the headwords.
- Headwords, which we look up in the dictionary, are arranged in alphabetic order.
- Pronunciation is given immediately after the headword with the use of phonetic symbols.
- Word-classes (parts of speech) have also been pointed out immediately after the headword or its pronunciation.
- Nouns which can be used in the singular (a cat) and/ or plural (many cats) are marked by (nc) which means countable noun.
- Nouns which do not have a plural form (water, sugar) are marked by nu which stands for uncountable noun.
- Definition which is a part of the entry is the meaning of the headword.
- Many English words have more than one meaning. For the learners' or users' benefit, each meaning is categorically given both in English and Nepali.
- Labels of English (fml, infml, colloq, AmE, BrE, etc) have also been indicated.
